

**MEETING OF THE TOWN COUNCIL**  
**21<sup>st</sup> DECEMBER 2015**  
**TOWN CLERK'S REPORT**

**1. Christmas Cards & Messages**

- a) "Best wishes for Christmas & the New Year" Guto Bebb MP/AS
- b) Deganwy Carol service. "Please pass on our thanks to the Mayor, Cllr Emma for attending last evening's service & for taking part. 70 people attended & £215 was raised for Wales Air Ambulance. A happy Christmas to all the councillors. Once again thanks to Emma" Pat Chapman, Church Warden, All Saints Church

**2. Conwy County Borough Council**

The Standards Committee that was to be held on 4/1/16 at 2pm has been cancelled & re-arranged for 19/1/16 at 11am. The meeting has been re-arranged to allow for consideration of the consultation, 'a Draft Local Government (Wales) Bill', which sets out the Welsh Government's proposals for the reform of local government.

**3. Women's & Maternity Consultation : Update re CHC's response**

This is an update to our earlier press release summarising the CHC's formal response to the Betsi Cadwaladr University Health Board Consultation document proposing temporary changes to Women's & Maternity Services. The CHC submitted that response to the health board on 27/11/15 &, as such, it reflected the CHCs view of the situation based on what was known at that time. The Regulations and Ministerial Guidance on CHC consultation responses require a CHC to present detailed and costed alternatives where it disagrees with the Health Board's preferred options. As explained in the earlier press release, North Wales considered that, without further information on things like what is meant by 'temporary changes', & clear evidence about risks to patients, it was impossible to support or reject any of the four options that the health board presented in this consultation. The Health Board released the papers for its meeting on 8/12/15 & the Outcome Report recommends that; "Option 1 of the four options consulted upon is taken forward & that there will be no temporary change to the current service configuration." The CHC believes that the key factors in this change of intention by the Health Board have been the recruitment of 7 additional consultants, developments in managing the service and an increased awareness of the concerns of patients as a result of the consultation process. 2 North Wales CHC welcomes this development & will be attending the Board meeting on 8/12, when we will be strongly supporting the recommendation & commending the Board for its success in recruiting the medical staff that have enabled this change.

**4. Publication of the Positive Planning Implementation Plan**

Publication of the Positive Planning Implementation Plan. The Planning (Wales) Act 2015 puts in place a key legislative foundation to deliver this 'Positive Planning' improvement programme. This is to be supported by changes to secondary legislation, policy & guidance, as well as introducing measures to support culture change. We have published on our web-site a Positive Planning Implementation Plan that: - brings together the various improvement projects / programmes & supporting secondary legislation to be delivered - sets out the priorities & timescales for delivery for the remaining Assembly term & an indication of timescales post May 2016, which will be subject to ratification by the next Welsh Government. This Implementation Plan can be accessed by using the following web-link: <http://gov.wales/topics/planning/legislation/planning-wales-act-2015/positive-planning-implementation-plan/?lang=en>
