4. Events

A Walk in My Shoes & Motiv8

We would like to invite you to an event on 1st July 2017, 11am, The Mulberry, Conwy Marina, LL32 8GU. #AWalkInMyShoes is organized by a group made up of Mental Health clients, Mind, Social Services, Unllais & Voluntary Services (Motiv8 team) & is a sponsored walk to raise vital funds for NHS Awyr Las/Blue Sky Charity to promote mental health & walking. We would very much like to make this year a fantastic walk & an opportunity for people to meet, talk and have some fun whilst enjoying the scenery of the walk. Altogether, the walk is 10 miles but it has been planned by the Motiv8 team that people can join & leave at points in the walk so it is open to everyone to join us, so you don't have to walk the whole thing. The route will be from The Mulberry pub, Conwy to Westshore in Llandudno & then returning to The Mulberry after lunch. It is a leisurely stroll with great scenery & an opportunity to relax & enjoy what the coastal walk has to offer.

We would also like you to know about Motiv8 which is an event whose purpose is to encourage those who have used Mental Health services or their carers to participate in different activities offered during the day, with the view to continuing this activity within their local communities. It is hoped that these activities will include a football tournament, archery, dance, a climbing wall & Tai Chi. There will also be information tables providing differing advice & support. As you are aware Mental Health challenges are faced by over 450 million people worldwide & this number continues to increase. Exercise has an effect on dopamine & serotonin which affect our mood and thinking. Therefore, at Motiv8 it is hoped that individuals will be introduced to physical activities that they continue with & due to their increased wellbeing become less reliant on the Mental Health services for support. This event is being held for the

first time in Eirias Park, Colwyn Bay on the 20/10/17 & we would very much, with your help, like to make it a successful event.
